Re: ILL. C. C. Docket 05-0341

Dear Mr. Kelliher:

By letter dated July 13, 2005, I requested your guidance regarding the submission by The Peoples Gas Light and Coke Company regarding the status of the Company's performance of residential inside safety inspections ("RISI"), which is the subject of this proceeding. As I indicated in my letter, pending receipt of your answer, the Company suspended the submission of the reports to the Commission. Given the fact that there has been no response to the July 13 letter, I am assuming that the medium the Commission prefers for communication regarding the status of RISIs is the record of this proceeding.

Very truly yours,
